OPPORTUNITY TO OBJECT

CRUZANE MOUNTAIN PROJECT
USDA FOREST SERVICE
LOLO NATIONAL FOREST
SUPERIOR RANGER DISTRICT
MINERAL COUNTY, MONTANA

Opportunity to Object the draft decision regarding the Cruzane Mountain Project.

Carole Johnson, District Ranger of the Superior Ranger District of the Lolo National Forest, has prepared an Environmental Assessment and draft Decision Notice and Finding of No Significant Impact for the Cruzane Mountain Project. The project area covers about 3,790 acres located approximately 3 miles west of Haugen in Mineral County, Montana, and just northeast of the community of Salese, Management Area 13 (Riparian), Management Area 16 (Timber Management), Management Area 24 (High visual sensitivity with varying degrees of timber management), and Management Area 25 (Medium degree of visual sensitivity with varying degrees of timber management) fall within the project area. The selected alternative was developed to decrease the risk of high severity wildfire, address forest health concerns and risks of insect and disease impacts, improve the resiliency of the project area by addressing road conditions and establish more sustainable long-term management access. The summary of activities in the draft decision are as follows: Commercial regeneration harvesting (681 acres), Commercial thinning (417 acres), Commercial Improvement Cut (13 acres), Pre-commercial thinning (77 acres), Fuel break creation along NFS Rd 288 (15 acres), Prescribed burning (1,135 acres, in addition to some regeneration units as site preparation for planting), Road maintenance/reconstruction (13 miles), Road maintenance, followed by decommissioning (3 miles), Road decommissioning (5.5 miles), New forest road construction (3 miles), and Rehabilitation of NFS Rd 3831 McManus Creek crossing.

The EA and draft Decision Notice/Finding of No Significant Impact are available on the Lolo National Forest website under Land & Resources Management/Projects (Cruzane Mountain) at <https://www.fs.usda.gov/project/project56155>. For information regarding this project, contact the Carole Johnson, District Ranger, at (406) 822-4233 or Elizabeth Tichner, Team Leader, at Elizabeth.Tichner@usda.gov.

This project is subject to the pre-decisional objection process pursuant to 38 CFR 218 Subparts A and B.

How to Object and Timeframe

Objections will be accepted only from those who have previously submitted specific written comments regarding the proposed project during scoping or other designated opportunity for public comment in accordance with §218.5(a). Issues raised in objections must be based on previously submitted timely specific written comments regarding the proposed project unless based on new information arising after designated comment opportunities §218.5(c).

The objection must contain the minimum content requirements specified in §218.5(d) and incorporation of documents by reference is permitted only as provided in §218.5(b). It is the objector's responsibility to ensure timely filing of a written objection with the reviewing officer. All objections are available for public inspection during and after the objection process.

At a minimum an objection must include the following (38 CFR §218.5(d)): 1) The objector's name and address, with a telephone number, if available; 2) a signature or other verification of authorship upon request (a scanned signature for Email may be filed with the objection); 3) when multiple names are listed on an objection, identification of the lead objector (verification of the identity of the lead objector shall be provided upon request); 4) the name of the proposed project, the name and title of the Responsible Official, and the name(s) of the National Forest(s) and/or Ranger District(s) on which the proposed project will be implemented; and 5) a description of those aspects of the proposed project addressed by the objection, including specific issues related to the proposed project if applicable, how the objector believes the environmental analysis or draft decision specifically violates law, regulation, or policy; suggested remedies that would resolve the objection; supporting reasons for the reviewing officer to consider; and 6) a statement that demonstrates connection between prior specific written comments on the particular proposed project or activity and the content of the objection.

Written objections, including attachments, must be filed via mail, express delivery, or messenger service to: Objection Reviewing Officer, USDA Forest Service, Northern Region, 26 Fort Missoula Road, Missoula, MT 59804. FAX: 1-406-329-3411. EMAIL: appeals-northern-regional-office@fs.fed.us. Electronic objections must be submitted in a format such as an email message, plain text (.txt), rich text format (.rtf), Word (.doc, .docx), or PDF (.pdf). Please state "Cruzane Mountain" in the subject line when providing electronic objections, or on the envelope when replying by mail.

The opportunity to object ends 45 days following the date of publication of the legal notice in The Missoulian. The publication date of the legal notice in the newspaper of record is the exclusive means for calculating the time to file an objection, and that those wishing to object should not rely upon dates or timeframe information provided by another source.
